Professional Summary

Computer Science undergraduate with strong academic performance (CGPA: 8.85) and hands-on experience in data analytics, cloud computing, automation, and web development. Completed Deloitte Data Analytics and AWS Solutions Architecture simulations.

Basic understanding of **Cloud and DevOps practices including CI/CD, Docker, and AWS services**. Passionate about solving real-world problems using scalable and data-driven solutions.

Education

Bachelor of Technology (B.Tech) – Computer Science

2023 – 2027 (Expected)

MIT ADT University, Pune

CGPA: 8.85

Higher Secondary Education (12th)

2023

Sun High School, Patna

Grade: 80%

Secondary Education (10th)

2021

Gyan Niketan Girls School, Patna

Grade: 85%

Projects

Smart Health & Fitness Analyzer

- Developed a machine learning-based system to analyze health reports and detect disease risks.
- Performed data preprocessing, normalization, and predictive modeling.
- Generated health insights with preventive recommendations.

Internshala Automation System

- Automated internship data extraction based on skills, location, and stipend.
- Improved application tracking and reduced manual effort.

Academic Activities Information Platform

- Built a centralized platform for academic events, workshops, and notices.
- Improved accessibility of student activity information.

Student Result Management System

- Developed a secure web application with role-based access control.
- Reduced manual errors and improved result management efficiency.

Skills

Technical Skills: Java, Web Development, Front-End Development, Database Management, AWS Cloud, Data Analytics

DevOps (Basics): CI/CD, Docker, Linux

Tools: Git, GitHub, VS Code

Professional Skills: Problem Solving, Analytical Thinking, Communication, Leadership

Certifications

- Advanced Java Programming and Web Development – Packt (2025)
- Data Analytics and Databases on AWS – Amazon Web Services (2025)
- Deloitte Data Analytics Virtual Experience

Achievements

- Maintained a strong academic record with CGPA 8.85
- Built multiple real-world projects in healthcare, automation, and education domains
- Actively exploring Cloud and DevOps tools for scalable application deployment
